A graph showing the relationship between Latitude (Y-axis, 0 to 60N) and Nautical Miles (X-axis, 0 to 600). The graph displays five curves representing distances of 100, 200, 300, 400, and 500 nautical miles. The curves are labeled with their respective distances at the top. The 100 NM curve starts at approximately 60N and 100 NM. The 200 NM curve starts at approximately 60N and 200 NM. The 300 NM curve starts at approximately 60N and 300 NM. The 400 NM curve starts at approximately 60N and 400 NM. The 500 NM curve starts at approximately 60N and 500 NM. All curves curve downwards towards the X-axis as distance increases.
